3/17/2024	3/20/2024	I am requesting records of a tax lien that was filed on 2/12/2024 against myself Alexandria Olson or Alexandria Loveall (Maiden name) it is regarding my soon to be ex husbands business Mirage Landscape & Hardscape LLC or Joshua Olson. I am aware that a tax lien in the amount of upwards of \$112,000 from the IRS was filed against myself but I am curious as to if the same lien was filed under my husbands name or the business name as it should of been since the business is not mine, and in my pre-nut it states that Mirage and its Debts & Assets belong to Josh and Josh Olson alone.

3/11/2024	5/8/2024	1. All documents satisfying IV. Conditions of #7 as signed by the Hearings Examiner on CUP-02 dated 2/23/2017. Specifically, I'm looking for the document signed by Mr. Zarling, his 'agent,' or other persons qualified/allowed on his behalf, to satisfy the applicants requirement for acoustical approval of the CUP in the STAFF REPORT. I also ask for other signature proof of owners within the required 'area.' Please don't make me find the document, but 2500' comes to memory. 2. Same CUP. #4. Please provide me with PROOF that this requirement (by DCC ordinance) was completed prior to the issuance of a CO. I understand that this CUP was amended, but a turn lane was a requirement of the original CUP. 3. #6 in the Findings or Fact. All documents supporting the issuance of a CBP within a RR-5 zone. The implication or designation of rural resource should not allow commercial use of the land. With or without public input. Thank you for the County's open and 'transparent' response. 9/3/2024	9/27/2024	<p>Tianna- Thank you for the recent uploads to my previous PRR Reference # C001514-080624. I'm updating my previous request to today's date (9/3/2024.) I do see that Commerce and WSDOT had some limited acknowledgement of the proposal. I would like to see included in my request the Douglas County checklist document showing which state and county jurisdictions were sent notification of this application and their responses (if received to date.) In reference to C001514-080624 dated 9/24/2024 and Titled 'Emails converted to PDF.' Have some of the emails been redacted or deleted? On pages 6, 7, and 8 there appears to be some missing email correspondence to and from Bill Grimes to Douglas County. Could you please provide clarity? Could you also confirm that page 79 of the same document has all emails provided? There appears to be some missing threads. Thank you!! Tianna- Please provide all documents, emails, writings, etc received for CPRZ-2024-02. I understand this is a broad request so I would prefer to see the current staff report first. Thank you for your time. -Brian Hager</p>
9/11/2024	9/18/2024	<p>Tianna - Could you provide me with a copy of the original payment for application cprz-2024-02? I expect DC to have received it on 5/14. I'm also expecting to see on this document the physical time and date stamp by the front desk staff on the received payment or a corresponding receipt with my requested details (physical date and time stamp.) Emails between county staff and Mr Grimes clearly state the payment was not completed on 5/13 and that the application packet was also received after the 4:00 or the actual 5:00 deadline. Thank you for your continued assistance. I would love to stop sending these requests as much as would you like to not have to deal with them.</p>
9/21/2024	9/25/2024	<p>Tianna- In reference to PRR C00169-080324 and PRR C001674-091124 et al. I would like to request all recent documents as of 9/11/24 that pertain to CPRZ 2024-02. Please include the sign in sheets, both in person and virtual, for the 9/11 planning commission meeting. With all due respect, please do not send me duplicates as my last request was over 3000 pages of mostly duplicated documents. Per my phone conversations with WSDOT, I also expect to see their comments as part of my request.</p>
9/30/2024	12/2/2024	<p>Tianna- Now that the public comment has officially closed for CPRZ 2024-02 I formally ask for all documents that have been received by Douglas County since my last PRR. Could you also please advise me who the attorney of record is for your response to PRR C001639-090324. Also referenced is PRR C001514-080624. All documents, please, and I'd prefer you not to send duplicates. Thank you!! Brian Hager 32 Orchard PL Orondo</p>

7/8/2024	7/9/2024	My concern is the intersection at Hiway 28 and Spanish Castle Road. This is a very busy 2 lane Hiway and there isn't any signage, light, or turn lane for the projected 1100 homes plus numerous commercial usages planned for this neighborhood. We are the first of many homeowners in this development and several of us have already had several close calls when stopping on the Hiway to make the turn home. Reflective marker signs, a street light or solar light, something so we can see the intersection coming at night, especially with rain or snow. Unfortunately the developer has no idea what they're doing nor do they care at this point. Can you folks help us to minimize the possibilities of serious accidents at this intersection? Thank you so much! Charles Mahon 131 Riesling Drive Rock Island, Wa 98850

5/4/2024	5/8/2024	I hope this email finds you well. My name is Daniel, and I am a programming student working on a project that involves analyzing building permits, registrations, and licenses within the State of Washington. As part of my research, I need access to a comprehensive list of addresses within the county. The purpose of my project is to develop scraping software that can randomly compare building permits and registration data across various addresses within the county. This software will enable me to analyze trends in construction activity, identify areas of development, and potentially contribute to urban planning initiatives. I was manually searching random addresses through the parcel map but was advised by my professor that submitting a public records request is the most effective and efficient way to obtain the necessary information for this project. I am following their recommendation and reaching out to request assistance in obtaining the required data. Specifically, I would like to request a digital copy of the list of addresses in your county, ideally in a format that can be easily imported into a spreadsheet or database for analysis purposes. Thank you very much for considering my request. I understand that processing such requests may take time but your assistance in this matter would be invaluable to my project, and I am truly grateful for your time and attention.

8/17/2024	8/26/2024	<p>Hello, In accordance with the provisions of the Public Records Act, Chapter 42.56 RCW (the "PRA"), I hereby submit a request for access to pertinent records held by your Agency. I am seeking to review all available records, which may be in written or electronic form, including but not limited to memos, written notes, documented meeting minutes, correspondence, emails, and text messages. These records should encompass documents from both Agency-issued and personal devices such as mobile phones and computers. I would like to note that I do not require any electronic metadata for this request. The focus of this request is to acquire records that reveal any instances where your Agency, or any third-party entity acting on its behalf, has engaged in the practice of organizing or delivering training, courses, workshops, seminars, or related educational activities to its employees that were racially segregated or that denied participation to individuals based on racial or skin color criteria. These records should include all instances, if any, when your Agency banned white staff from attending such training opportunities. Furthermore, I am seeking detailed explanations or justifications provided by your Agency for such racial segregation, specifically any records that appeal to a justification similar to the "separate but equal" doctrine. Please don't hesitate to let me know if any clarifications are needed. Thank you so much for your help with this matter. Sincerely, Peter Vrinceanu</p>

10/23/2024	11/8/2024	<p>FYI, this has been sent to the OSOS. First installment is expected ON ELECTION DAY! We the People have no choice but to inform the individual counties of the same thing. You are required by federal law per EO 13800 to have a third party assessor that has nothing to do with elections to run testing for FISMA compliance, and compliance testing for NIST.SP.800-53A and NIST.SP.800-171A BEFORE any election. Being out of compliance with these tests and not having done the test since the EO 13800 was created is a federal crime. In this country, elections are We the Peoples and is run at the county level. Because of your insistence to use machines, software, cloud as a service providers, etc. you now apply to cyber security federal requirements. The only way to avoid this FACT is by getting rid of the cyber threat vector on our elections by removing all machines, and by taking the voter rolls off of the cloud and any machine system with internet/intranet/extranet capability. The cyber threat is VERY REAL and even passing these compliance testing does not protect against Chinese state government hackers, Russian hackers, and our own CIA covert weaponized malware. Because counties have their own choice of how to run their elections, being with or without machines open to foreign and domestic cyber threats, and your OSOS have decided to not give you any time to respond to these federal requirements BEFORE the election and would rather continue with the election potentially committing federal crimes on the state level, you need to decide if you are going to move forward without being compliant with federal law on your own. The OSOS will I'm sure claim, that counties have all had their own choices for how they are running their elections and will push all the responsibility and blame onto you. So, you need to decide if you are going to follow your oath and protect we the people from all threats foreign and domestic and follow federal law to do so, or if you are going to let ANOTHER election occur that is not safe and secure. This is not meant to be a threat in any way, this is informational and meant to be for election integrity and only is asking for already should've been occurring, federal compliance testing records.</p>
