DOUGLAS COUNTY, WASHINGTON

RESOLUTION NO. 2025-06

A RESOLUTION of the Board of Directors of Orondo School District No. 13, Douglas County, Washington, providing for the submission to the voters of the District at a special election to be held on February 10, 2026, of a proposition authorizing an excess tax levy to be made annually for four years commencing in 2026 for collection in the years 2027 through 2030 in the aggregate total amount of \$1,827,030 for the District's Capital Projects Fund to support the modernization and remodeling of school facilities; designating the Secretary to the Board and special counsel to receive notice of the ballot title from the Auditor of Douglas County, Washington; and providing for related matters.

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF ORONDO SCHOOL DISTRICT NO. 13, DOUGLAS COUNTY, WASHINGTON, as follows:

Section 1. Findings and Determinations. The Board of Directors (the "Board") of Orondo School District No. 13, Douglas County, Washington (the "District"), takes note of the following facts and makes the following findings and determinations:

(a) The existing condition of instructional and operational technology equipment, systems and infrastructure, student and staff safety and security needs, the need for additional learning spaces for students, and the needs of the District's educational programs require the District to support the modernization and remodeling of school facilities by making technology, safety, security and facility improvements, all as more particularly defined and described in Section 2 herein (collectively, the "Projects").

(b) It appears certain that the money in the District's Capital Projects Fund will be insufficient to permit the District to pay costs of the Projects, and that it is necessary that an excess tax levy of \$436,710 be made in 2026 for collection in 2027, \$449,811 be made in 2027 for collection in 2028, \$463,305 be made in 2028 for collection in 2029, and \$477,204 be made in 2029 for collection in 2030 for the District's Capital Projects Fund to provide the money required to pay those costs.

(c) Pursuant to Article VII, Section 2(a) of the Washington Constitution and Revised Code of Washington ("RCW") 84.52.053, the District may submit to its voters at a special election, for their approval or rejection, a proposition authorizing the District to levy annual excess property taxes to support (*i.e.*, to pay or finance) costs of the Projects.

(d) The best interests of the District's students and other inhabitants require the District to carry out and accomplish the Projects.

Section 2. Description of the Projects. The Projects to be paid for with the excess property taxes authorized herein are more particularly defined and described as follows:

(a) Make technology, safety, security and facility improvements, including, but not limited to: (1) acquiring, installing and implementing new technology devices for students and staff, projectors, smart boards, meeting cameras, and other instructional, classroom and operational technology equipment, infrastructure and systems; (2) expanding learning spaces and educational facilities, including the renovation of the old school house to relocate administrative offices and provide more learning space for students; (3) making safety and security improvements to school facilities and infrastructure; (4) making capital improvements and additions to create work spaces to support educational program delivery and development and a conference meeting space to connect families to their students' education and teachers; and (5) making other technology, safety, security and facility improvements to District facilities and infrastructure, all as determined necessary and advisable by the Board. The foregoing instructional technology equipment, facility and infrastructure improvements shall be part of the District's integrated technology systems and facilities for instruction and operations.

(b) Acquire, construct and install all necessary furniture, equipment, apparatus, accessories, fixtures and appurtenances in or for the foregoing, all as determined necessary and advisable by the Board.

(c) Pay costs associated with: (1) implementing the foregoing technology systems, facilities, projects, equipment and infrastructure, including, but not limited to, upgrading, acquiring, constructing and installing hardware, licensing software and online applications and training related to the installation of the foregoing; and (2) the application and modernization of technology systems for operations and instruction, including, but not limited to, ongoing fees for online applications, subscriptions, or software licenses, including upgrades and incidental services, and ongoing training related to the installation and integration of these products and services, all as determined necessary and advisable by the Board. Such costs constitute a part of the Projects. The hardware, software or applications shall be an integral part of the District's technology systems, facilities or projects.

(d) Pay incidental costs incurred in connection with carrying out and accomplishing the Projects. Such incidental costs constitute a part of the Projects and include, but are not limited to: (1) payments for fiscal and legal costs; (2) costs of establishing and funding accounts; (3) necessary and related engineering, architectural, planning, consulting, permitting, inspection and testing costs; (4) administrative, managerial and relocation costs; (5) site acquisition, assessment and improvement costs; (6) demolition costs; (7) costs related to demolition and/or deconstruction of existing school facilities to recycle, reclaim and repurpose all or a portion of such facilities and/or building materials; (8) costs of on and off-site utilities and road improvements; and (9) costs of other similar activities or purposes, all as determined necessary and advisable by the Board.

The Projects, or any portion or portions thereof, shall be accomplished insofar as is practicable with available money and in such order of time as shall be determined necessary and advisable by the Board. The Board shall determine the application of available money between the various parts of the Projects so as to accomplish, as near as may be, all of the Projects. The Board

shall determine the exact order, extent and specifications for the Projects. The Projects are to be more fully described in the plans and specifications to be filed with the District.

Section 3. Calling of Election. The Auditor of Douglas County, Washington, as *ex officio* Supervisor of Elections (the "Auditor"), is requested to call and conduct a special election in the District, in the manner provided by law, to be held on February 10, 2026, for the purpose of submitting to the District's voters, for their approval or rejection, the proposition authorizing a Capital Projects Fund excess property tax levy on all of the taxable property within the District (the assessed value of such representing 100% of true and fair value unless specifically provided otherwise by law) to be made annually for four years commencing in 2026 for collection in 2027 of \$436,710, the estimated dollar rate of tax levy required to produce such an amount being \$0.47 per \$1,000 of assessed value, in 2027 for collection in 2028 of \$449,811, the estimated dollar rate of tax levy required to produce such an amount being \$0.47 per \$1,000 of assessed value, in 2028 for collection in 2029 of \$463,305, the estimated dollar rate of tax levy required to produce such an amount being \$0.47 per \$1,000 of assessed value, and in 2029 for collection in 2030 of \$477,204, the estimated dollar rate of tax levy required to produce such an amount being \$0.47 per \$1,000 of assessed value, all in excess of the maximum tax levy allowed by law for school districts without voter approval. The exact tax levy rate may be adjusted based upon the actual assessed value of the taxable property within the District at the time of the levy.

Section 4. Use of Taxes. If the proposition authorized by this resolution is approved by the requisite number of voters, the District will be authorized to levy the excess property taxes provided in this resolution to pay costs of the Projects, all as may be authorized by law and determined necessary and advisable by the Board. Pending the receipt of those taxes, the District may issue short-term obligations pursuant to chapter 39.50 RCW or contract indebtedness pursuant to RCW 28A.530.080. Upon receipt, the District may use those taxes to repay such short-term obligations or indebtedness, all as may be authorized by law and determined necessary and advisable by the Board.

Section 5. Sufficiency of Taxes. If the excess property taxes authorized herein are more than sufficient to carry out the Projects, or should state or local circumstances require any alteration in the Projects, the District may apply such taxes to other capital purposes, or reduce or eliminate the excess property tax levies authorized herein, all as the Board may determine by resolution and as permitted by law.

If the Board determines that it has become impractical to accomplish the Projects or any portion thereof by reason of state or local circumstances, including changed conditions or needs, regulatory considerations, incompatible development or costs substantially in excess of those estimated, or for any other reason determined by the Board, the District will not be required to accomplish such Projects and may apply the excess property taxes authorized herein or any portion thereof to other capital purposes of the District, or reduce or eliminate the excess property taxes authorized herein, all as the Board may determine by resolution and as permitted by law. In the event that the excess property taxes, plus any other money of the District legally available therefor, are insufficient to accomplish all of the Projects, the District may use the available money for paying the cost of that portion of the Projects that the Board determines most necessary and in the best interests of the District.

Notwithstanding anything in this resolution to the contrary, the excess property taxes authorized herein may be used only to support the construction, modernization or remodeling of school facilities or implementation of the District's technology facilities plan.

Section 6. Form of Ballot Title. Pursuant to RCW 29A.36.071, the Douglas County Prosecuting Attorney is requested to prepare the concise description of the aforesaid proposition for the ballot title in substantially the following form:
